

Др Небојша Ј. Лажетић, редовни професор (у пензији)

ОБРАЗОВАЊЕ И УСАВРШАВАЊА: Дипломирао (1973), магистрирао (1976) и докторирао (1980) на Природно-математичком факултету, Београд.

ОБЛАСТИ ИСТРАЖИВАЊА: математичка анализа, операциона истраживања, алгоритми и структуре података

Изабрани радови:

1. Lažetić, N. and Đorđević, O., 2002. An L_p estimate for the difference of derivatives of spectral expansions arising by one-dimensional schrodinger operators. *Matematički vesnik*, 54(3-4), pp.125-131.
2. Lazetic, N.L., 2017. On the Classical Solvability of Mixed Problems for a Second–Order One–Dimensional Parabolic Equation. *Filomat*, 31(16).
3. Lazetic, N.L., 2006. On the classical solvability of the mixed problem for a second-order one-dimensional hyperbolic equation. *Differential Equations*, 42(8), p.1134.
4. Lažetić, N.L., 1998. On the existence of a classical solution of a mixed boundary problem for a second order one-dimensional hyperbolic equation. II. *Publications de l'Institut Mathématique. Nouvelle Série*, 64, pp.69-84.
5. Lazetic, N.L., 2004. ON UNIFORM CONVERGENCE ON CLOSED INTERVALS OF SPECTRAL EXPANSIONS AND THEIR DERIVATIVES, FOR FUNCTIONS FROM W . *МАТЕМАТИЧКИ ВЕСНИК*, 56, pp.91-104.
6. Lazetic, N.L., 2001. On uniform convergence of spectral expansions arising by self-adjoint extensions of an one-dimensional Schrödinger operator, *Publ. de l'Inst. Math.(Beograd)*, 69(83), pp.59-77.
7. N. Lažetić, O jednoj klasi lokalno konveksnih prostora, *Matematički vesnik*, 14 (29) 1977, 351–354 . (M53)
8. N. Lažetić, Neke napomene o lokalno konveksnim prostorima, *Matematički vesnik*, 14 (29) 1977, 355–357 . (M53)
9. N. Lažetić, Sur les ensembles fortement bornés dans l'espace localement convexe, *Publ. Inst. Math. (Beograd)*, t. 21 (35) 1977, 109–113 . (M52)
10. N. Lazhetich, On bounded sets in topological space (in Russian), *Publ. Inst. Math. (Beograd)*, t. 26 (40) 1979, 161–166 . (M52)
